Building cleaners trade

We demand more foresight!

Employers refuse pay talks if they involve a Christmas bonus!

The general agreement on pay scales regulates many important questions for example, holiday entitlement, special payments and the grouping of employees in respective wage brackets.

The current agreement on pay scales does not include important regulations whilst others are no longer up-to-date.

Appreciation

A small token of gratitude before Christmas should be possible. Building cleaners would welcome a Christmas bonus!

Loyalty

Once 30 days holiday – always 30 days holiday. Loyalty to the industry needs to be worthwhile.

Qualifications

Fair grouping for industrial cleaners. Training as building cleaner needs to be worthwhile.

Experience

Opportunities for grouping in a higher wage bracket need to be regulated. Professional experience needs to be worthwhile.
